

Requirements Management Executive Overview

Joint Capabilities Integration and Development System (JCIDS)

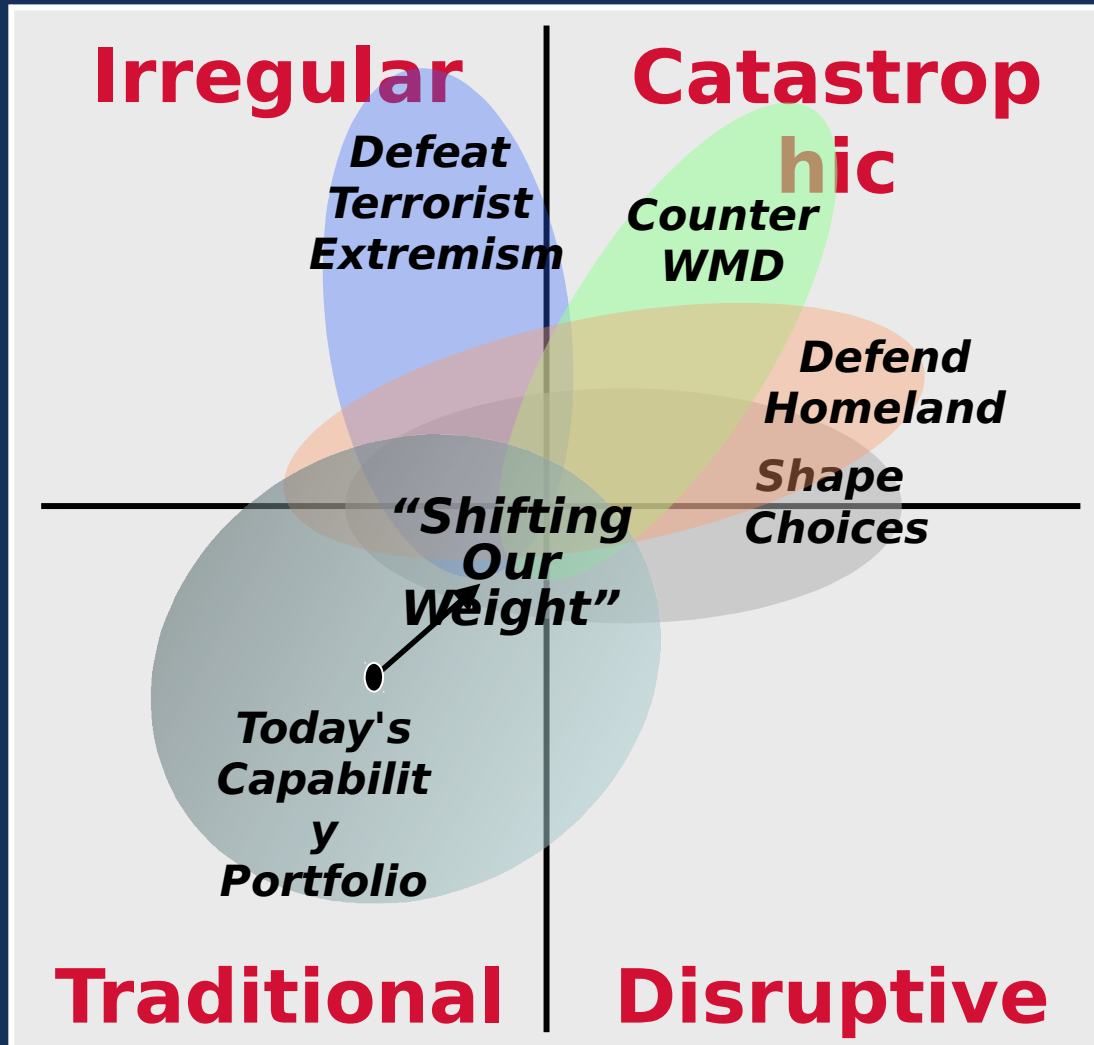

Defense Systems Management College
School of Program Managers
Defense Acquisition University

22 June 2009

Developing Requirements

- ★ **Developing Capabilities**
- ★ **Sequences of Events**
 - **Analysis**
 - **Initial Documentation**
 - **Transitions to Actions that provide Solutions**
- ★ **Non-Materiel Solutions**
- ★ **JCIDS Interactions with Developing Materiel Solutions**

Strategic Direction

Warfare is Not Always Force-on-Force

QDR 2006

- Defeat Terrorist Networks
- Defend the Homeland in Depth
- Shape the Choices of Countries at Strategic Crossroads
- Counter the Acquisition and Use of Weapons of Mass Destruction

Threat vs Capabilities-Based Planning

Requirements Generation System (RGS) - ~30 years of experience

Partially Interoperable Capabilities

Late Integration

Services Build Systems

Service Experimentation, Assessment & Analysis, Validation, Selection of Solutions

Service Unique Strategic Visions and Requirements

Joint Capabilities Integration and Development System (JCIDS) ~ 6 years old

Strategic Direction

Joint Warfighting Concept Development

Joint Experimentation, Assessment & Analysis, Validation, Selection of Solution

COCOMs, Services' Unique Strategic Visions

Joint Capabilities

Capabilities-Based Planning (CBP)

Strategic Guidance And Desired Effects

Strategic Guidance (OSD (P))

- National Security Strategy
- National Defense Strategy
- National Military Strategy
- Contingency Planning Guidance
- QDR Report
- Guidance for Development of the Force
- Joint Programming Guidance

Analytic Agenda (OSD)

- Defense Planning Scenarios
- Multi-Service Force Deployment
- Operational Availability Studies
- Global Force Management

Joint Concepts (J7)

- CJCSI 3010.02B
- Joint Operating Concepts (JOCs)
- Joint Concept Development & Experimentation Process Guide
- JCDE Campaign Plan
- Joint Concepts
- DPS - Blue Force CONOPS

Force Management

JCIDS (J8)

- CJCSI/M 3170.01
- JROC Validation and Approval of JCIDS Documents
- Functional Capabilities Boards
- Evaluation of COCOM Needs (lessons learned, joint urgent needs, etc.)

CBP

DoD 5000 (OSD)

- Concept Decisions
- Defense Acquisition Boards
- Acquisition Decision Memos
- Selected Acquisition Reports/ Defense Acquisition Executive Summaries
- Capability Portfolio Management

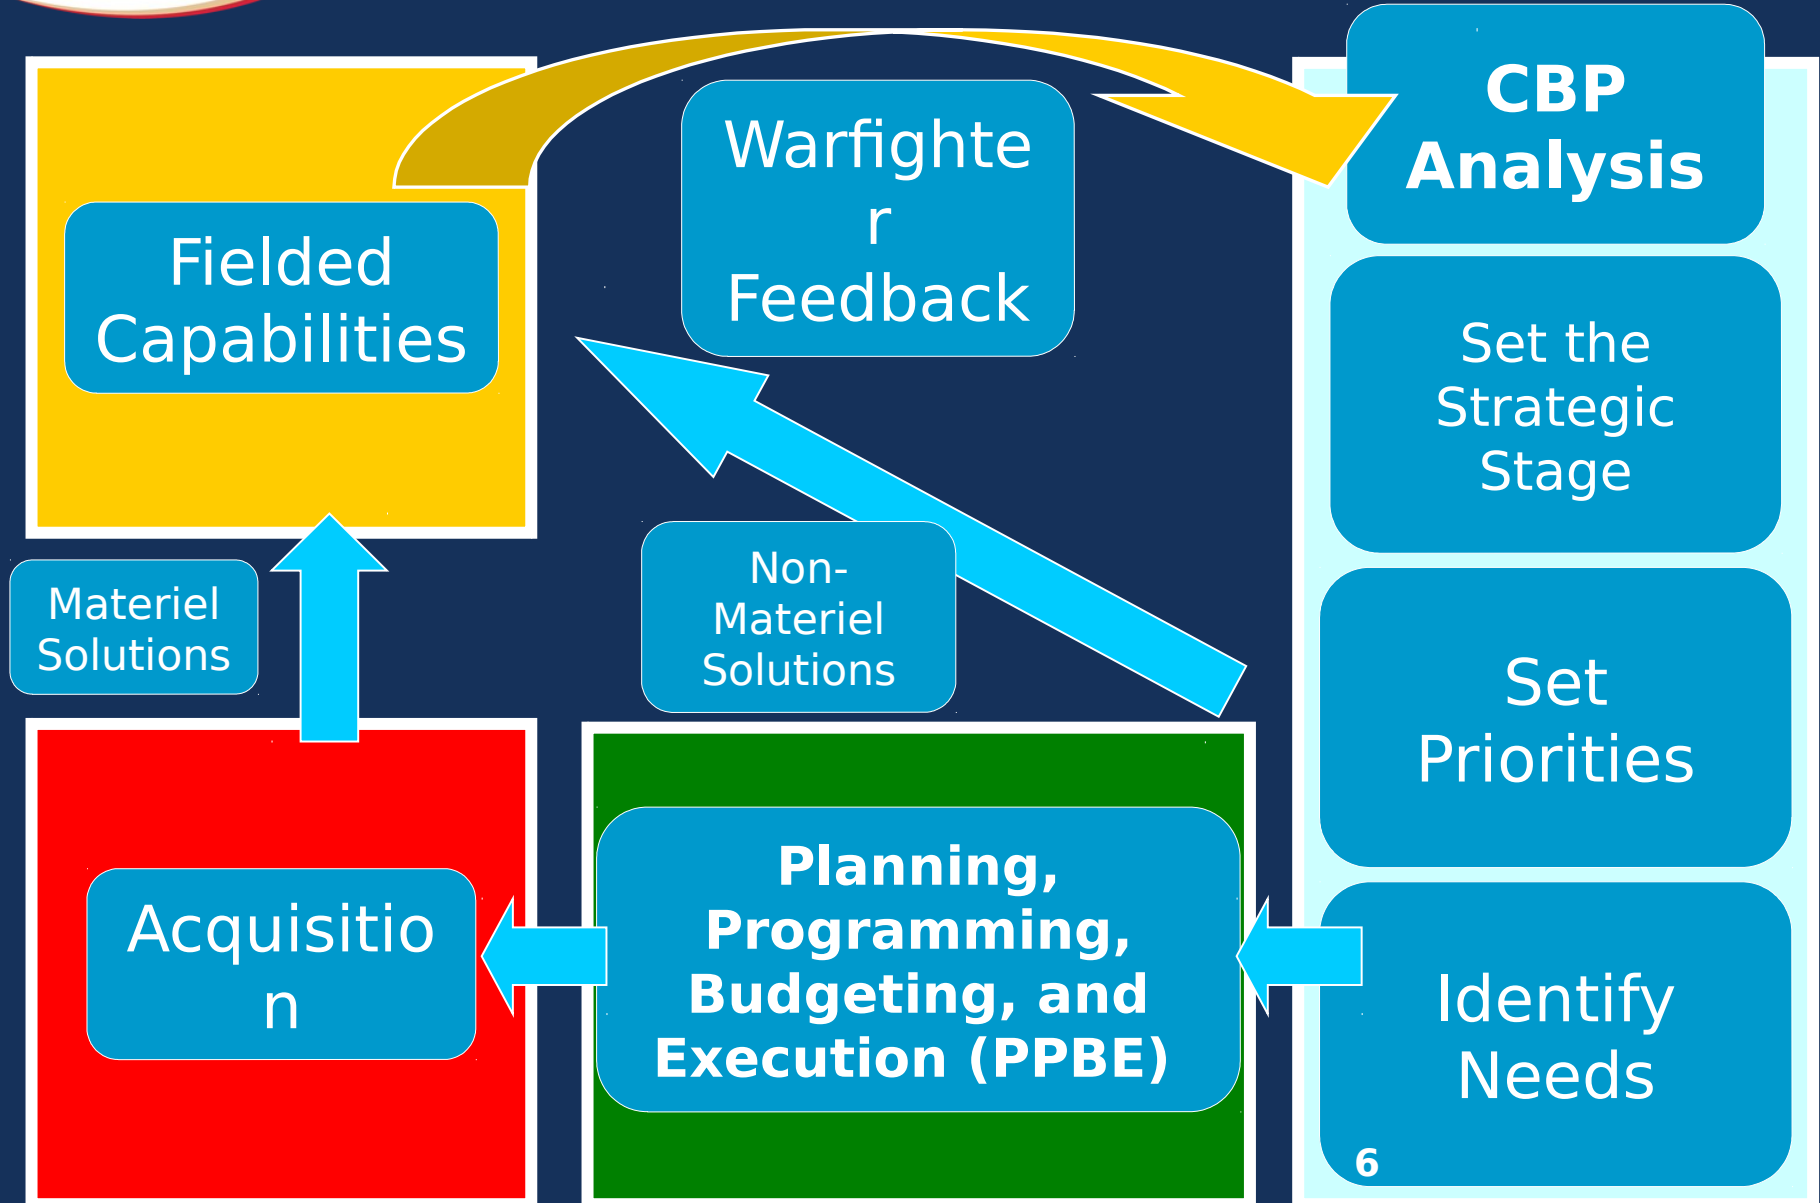

Adaptive Planning

PPBE (OSD (C/PA&E))

- Program Objective Memorandum/ Budget Estimate Submission
- Program Review
- Program Decision Memos/ Program Budget Decisions
- President's Budget

Common Lexicon - Joint Capability Areas

Delivered Capability to the Joint Warfighter

Capabilities-Based Assessment (CBA)

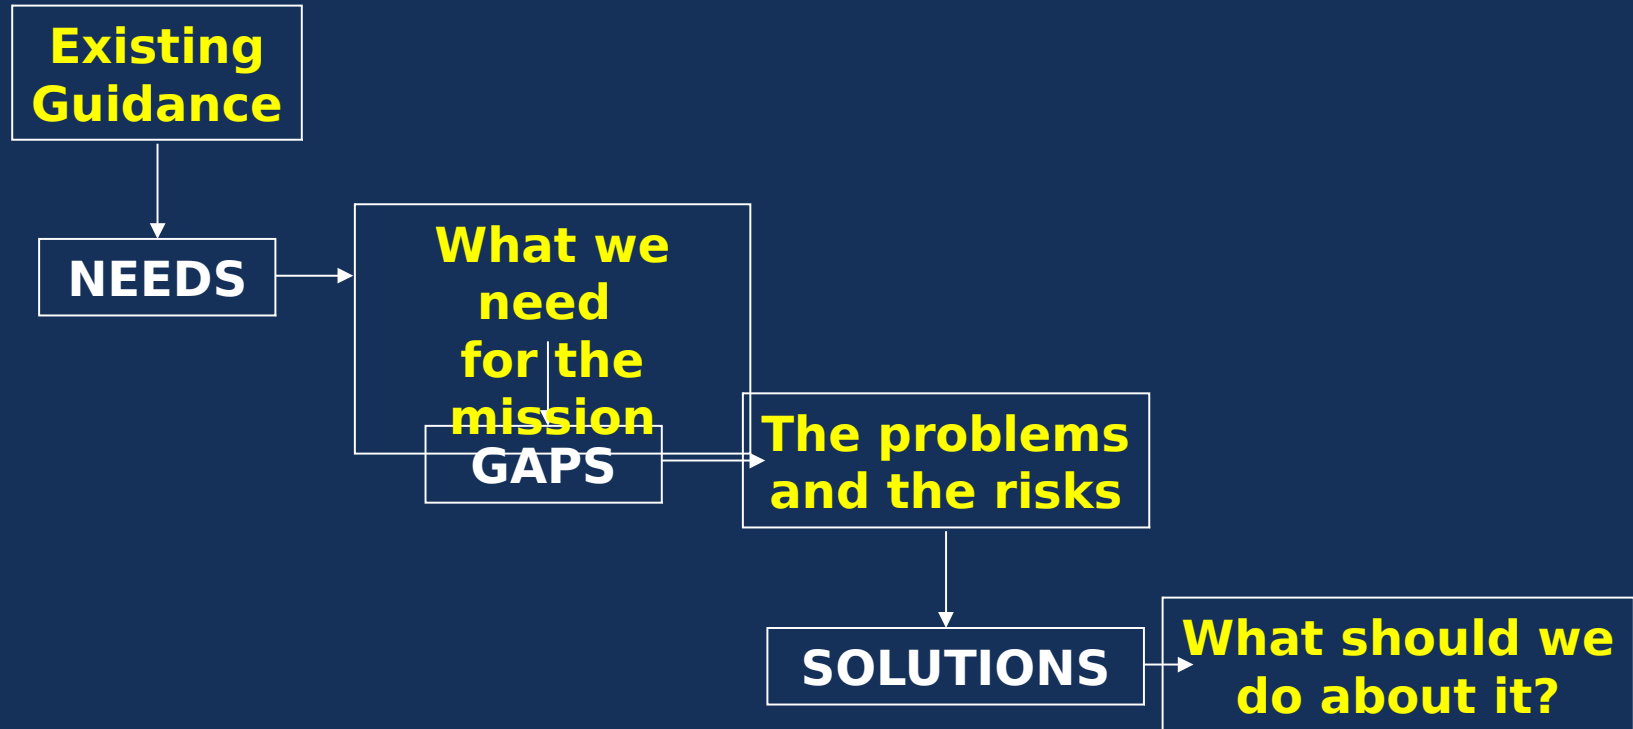

- ★ **What is Analysis?**
- ★ **How Does Analysis Help Deliver Solutions to the Warfighter?**
- ★ **What is a Capabilities Based Assessment (CBA)?**

Analysis

Analysis - An analytical study of military problems undertaken to provide the responsible commanders and staff agencies with a scientific basis for decisions or action to improve military operations

- ★ Analysis is a Structured Study That:**
- **Solves a problem**
 - **Examines a range of alternatives**
 - **Converts real life into math models or simulations**
 - **Processes data and derives meaning from results**
 - **Conveys understandable results to the Decision Maker**

Capabilities-Based Assessment

The Acronym

D O T M L P F

D - Doctrine

O - Organization

T - Training

M - Materiel

L - Leadership and education

P - Personnel

F - Facilities

Identifying Potential Solution Approaches

- ★ **Transformational Solutions**
- ★ **Evolution of Existing Capabilities**
- ★ **Information Technology Solutions**
- ★ **Information for an Analysis of Alternatives**
- ★ **Managers must communicate to avoid disconnects over seams between JCIDS, DAS, and PPBE**

Initial Documentation

- ★ **DOTMLPF Change Recommendation (DCR)**
- ★ **Initial Capabilities Document (ICD)**

The Joint DOTMLPF Change Recommendation (DCR)

- ★ **Results of Joint Experimentation or Other Assessments**
- ★ **Results of a Capabilities Based Assessment (CBA)**
- ★ **Request Additional Commercial or Non-Developmental Items Previously Produced or Deployed**
- ★ **Introduce Solutions Available From Other DOD, US Agency, or Foreign Sources**

DOTMLPF Analysis

- ★ **When DoD Decides to Not Develop New Materiel Systems**
- ★ **Non-Materiel Solutions**
 - Change policy
 - Change doctrine
 - Reorganize
 - Train and educate DOD personnel differently
 - Acquire commercial or non-developmental items
 - Acquire more quantities of existing items
 - Add or reassign personnel
 - Move or realign facilities
- ★ **Sometimes Called DOT_LPF**

Documenting Capability Gaps

Requirements developed during analysis go into the Initial Capabilities Document (ICD):

★ **ICDs Apply the Capabilities-Based Assessment (CBA) Results**

- Identifies relevant operational performance attributes
- Documents the recommendation on the need for a materiel solution

★ **Predecessor Document for the Capability Development Document (CDD)**

Operational Performance Attributes

- ★ **Attributes Necessary to Design a Proposed System**
- ★ **Establish a Performance Baseline**
- ★ **Guide Development and Demonstration**
- ★ **Guide Developing Key Performance Parameters (KPPs)**

Key Performance Parameters (KPPs)

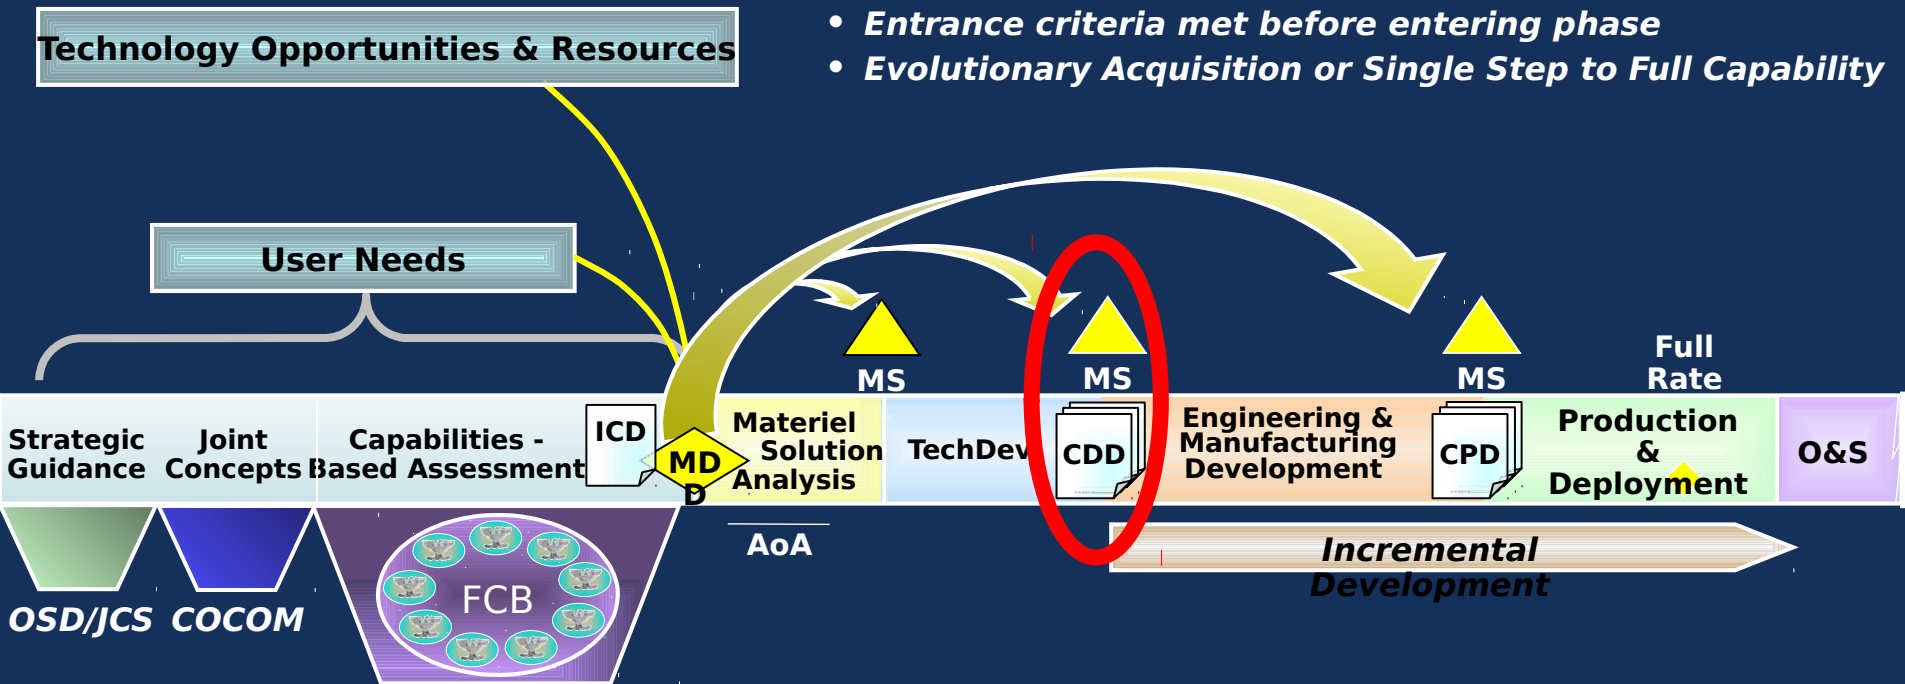

- ★ **Attributes or Characteristics of a System**
- ★ **Critical or Essential**
 - To develop an effective military capability
 - To make a significant contribution to the characteristics of the future joint force
- ★ **KPPs Must be Testable**
 - Enable feedback from T&E
- ★ **Validated by the JROC for JROC Interest Documents**

Key System Attributes (KSAs)

- ★ **Attributes Most Critical or Essential**
- ★ **Not Selected as a KPP**
- ★ **An Additional Level of Capability
Prioritization Below the KPP**
- ★ **Only Senior Leadership can Change a KSA**
 - **Sponsor 4-star**
 - **Defense Agency Commander**
 - **Principal Staff Assistant**

The Defense Acquisition Management System

- *Matériel Development Decision precedes entry into any phase of the acquisition framework*
- *Entrance criteria met before entering phase*
- *Evolutionary Acquisition or Single Step to Full Capability*

KPPs and Requirements Documents

- ★ **The Capability Development Document (CDD) and Capability Production Document (CPD) Must Contain Sufficient KPPs**
- ★ **Capture Minimum:**
 - Operational effectiveness
 - Suitability
 - Sustainment
- ★ **Failure to Meet a KPP Results in Reevaluation or Reassessment of the Program**

What does the CDD Do?

- ★ **Define Performance Requirements to Achieve the Capability**
 - KPPs, KSAs, and additional attributes
 - Authoritative
 - Measurable
 - Testable
- ★ **Capture Necessary Information for Affordable and Supportable Capabilities**
- ★ **Describe DOTMLPF and Policy Constraints**

- ★ **Specify the Attributes of a System in Development**
- ★ **Provide Operational Capabilities for the Acquisition Strategy and the Acquisition Program Baseline (APB)**
- ★ **Insert All CDD Key Performance Parameters (KPPs) and Sustainment Key System Attributes (KSAs) Verbatim into the APB**

What does the CPD Do?

- ★ **Support Production and Deployment**
- ★ **Authoritative, Testable Capabilities**
- ★ **Support Production, Testing, and Deployment**
- ★ **Incremental Production and Deployment**
- ★ **No New Requirements**
- ★ **Operational Performance Attributes**

- ## Technology Opportunities & Resources

Differences Between the CDD and the CPD

CDD	CPD
Focus on Design	Focus on Production
All Increments	A Specific Increment
KPPs to Help Evaluate Alternative Designs	KPPs Refined and Tailored to the Proposed System

JCIDS Summary

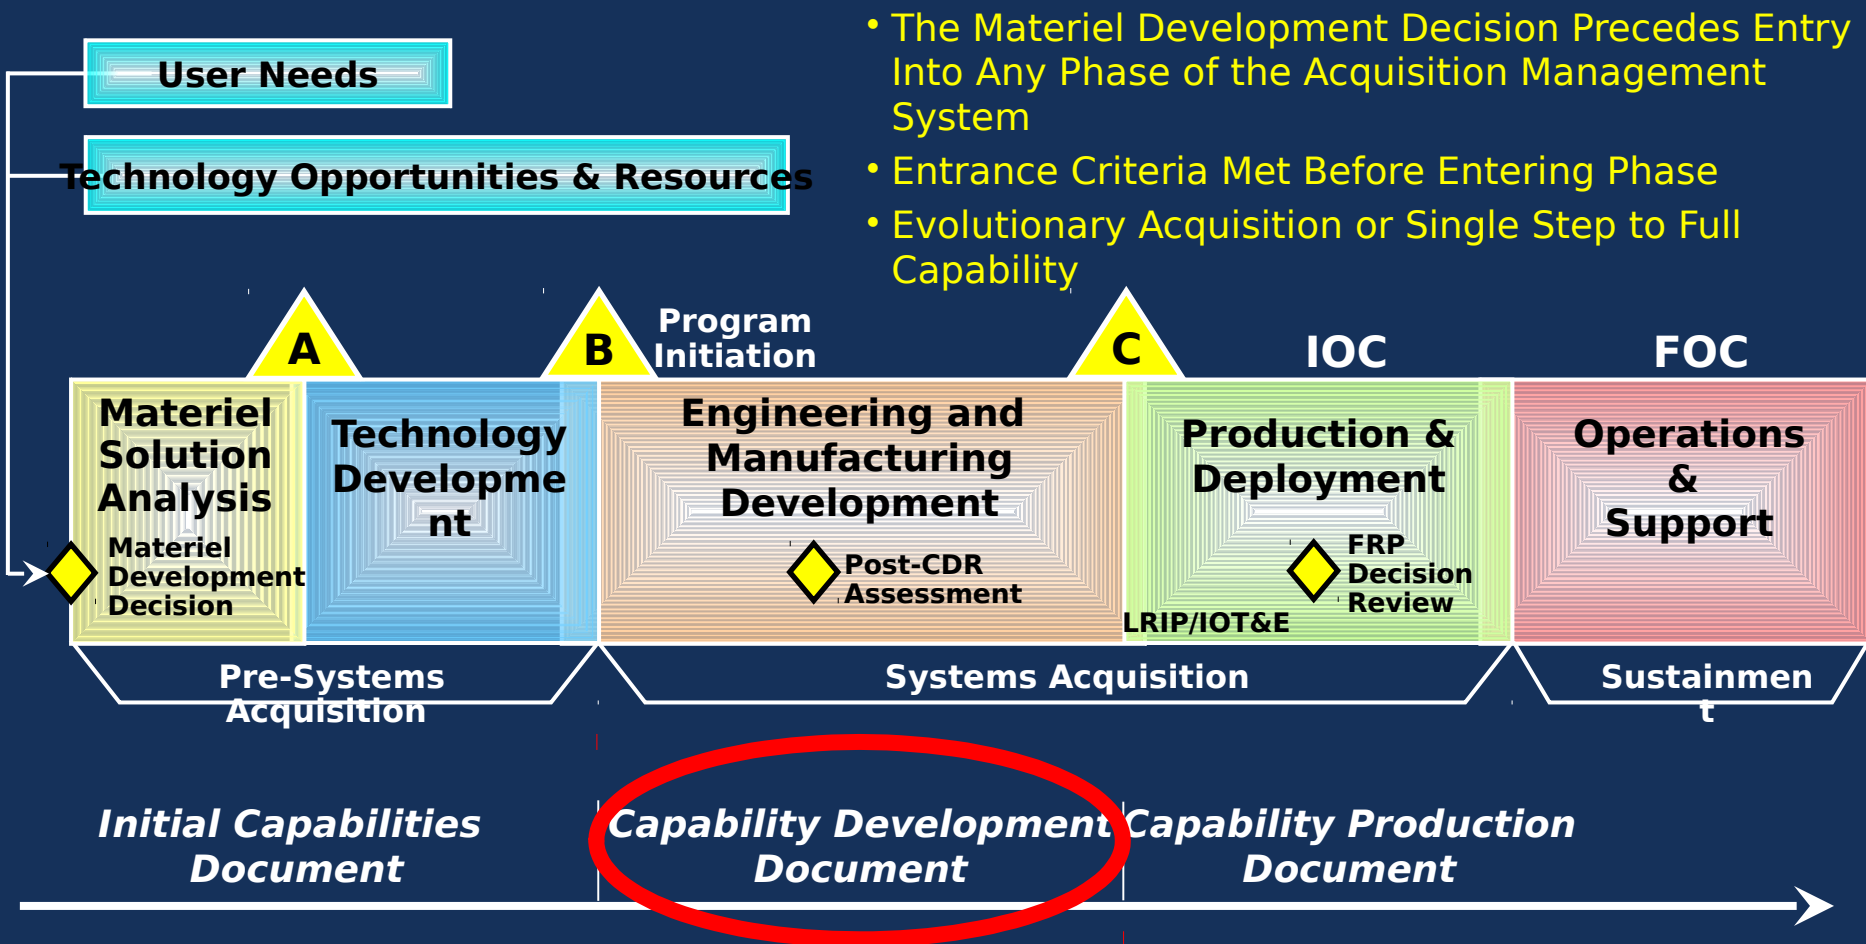

- ★ **The Need for Flexible Capabilities**
- ★ **Begin With Analysis**
- ★ **Analysis Leads to Action**
- ★ **Non-Materiel Solutions**
 - **The DOTMLPF Change Recommendation (DCR)**
- ★ **Materiel Solutions**
 - **Initial Capabilities Document (ICD)**
 - **Capability Development Document (CDD)**
 - **Capability Production Document (CPD)**

Backup Slides

Discussion Questions

- ★ **What Analysis is Going to Work Best to Deliver Effective Solutions to Warfighters?**
- ★ **How Can We be Sure Non-Materiel Solutions are Going to be Effective?**
- ★ **What Subsequent Analysis is Going to Help Deliver Effective Materiel Solutions?**
- ★ **What Is Your Experience with Analysis and the Results of Analysis?**

The Defense Acquisition Management System

Relationship to JCIDS

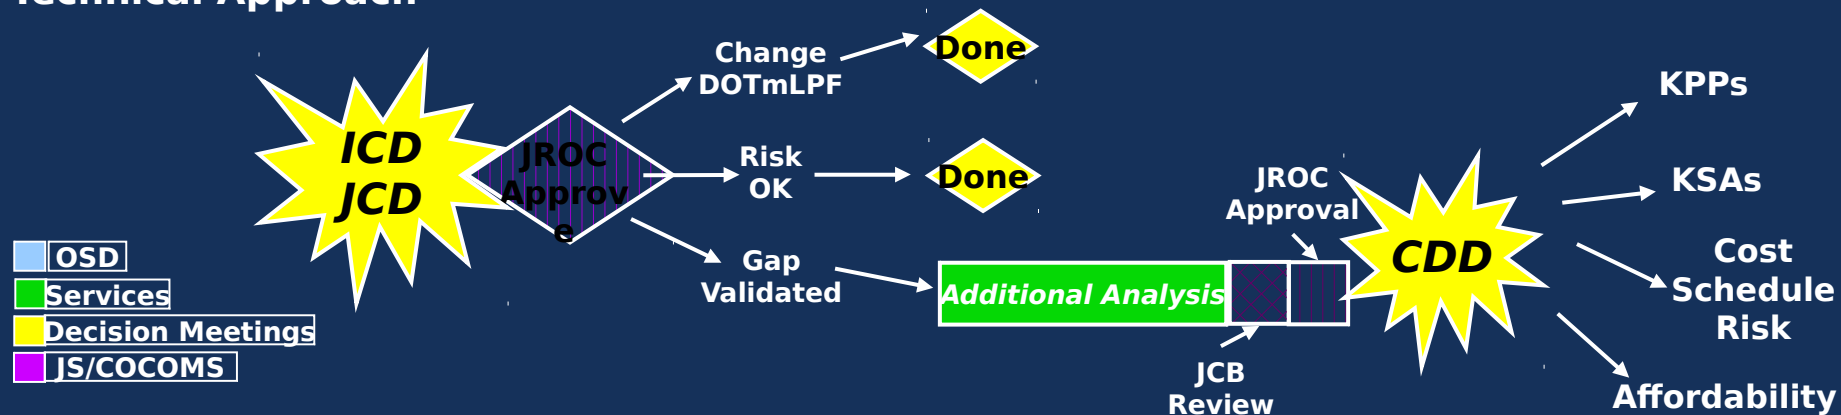

CDR: Critical Design Review
FRP: Full Rate Production

IOC: Initial Operational Capability
FOC: Full Operational Capability

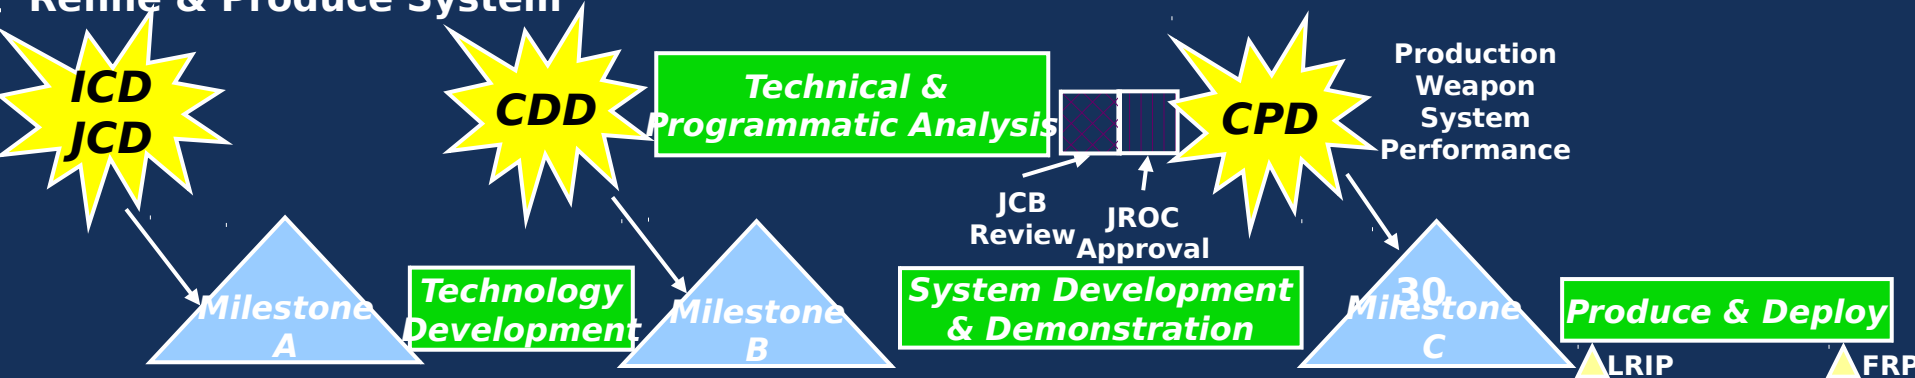

Capability Based Process and Acquisition

What does the CBA identify?

- ★ **The mission**
 - **Concept of Operations**
 - **Assumptions**
 - **Timeframe**
- ★ **Capability definition**
 - **Use SWarF identified attributes**
- ★ **Gaps**
 - **Operational risk**
 - **Priorities**
- ★ **Desired solution type**
 - **Breakout - 5x improvement over current, fundamental change**
 - **Incremental - modify an existing system**
 - **IT system**
 - **Non-materiel**
- ★ **Recommendations**
 - **Sets the conditions for the ICD and AoA**

BA Analysis - How Much is Enough?

Objectives:

- Complete CBA within 30 Days.
- Produce enduring relevant capabilities

JROC
Gap Analysis/CBA

MDA
Solution Analysis/AoA

“Relevant but imperfect” analysis not “perfect but irrelevant” analysis
Component responsible for determining depth of analysis and defending results

What is a JCIDS

responsibility...

- ★ Ensures the joint force has the capabilities to perform across the range of operations
- ★ Is a primary interface to the DoD acquisition system
- ★ Implements an integrated process to guide new capabilities development
- ★ A key linkage on how the future joint force will fight
- ★ Provides the analytic baselines to support studies to inform capability development

What is NOT a JCIDS

responsibility...

- ★ Is not capabilities-based planning
- ★ Is not DoD 5000
- ★ The JROC is not JCIDS
- ★ Joint Concepts are not JCIDS
- ★ The Analytic Agenda is not JCIDS
- ★ Is not designed to obtain or address near-term funding or urgent warfighting needs (JRAC) but some changes are

- ★ **Deviations from the process are approved by DDRA**
- ★ **Waivers have been used for:**
 - Request to develop a CDD without an ICD (ACAT II and below)
 - Request to use an ORD for an upcoming MS C rather than submitting a new CPD
- ★ **Approval process**
 - Requests are submitted by Services/Agencies
 - CAD/AO coordinates through
 - Lead FCB
 - JCIDS Branch
 - CAD Div Chief
